Hundreds attendees including past principals, teachers, Chinese Community leaders, parents, students and volunteers came together to celebrate the school's 30th birthday on May 15, 2010 at the Winter Park High School Ninth Grade Center. They were excited to witness the growth of the school which has promoted the Chinese language, culture, and ethnicity in Central Florida for three decades.

The Chinese School of CAACF, based in Orlando, is one of the most established and premiere Chinese schools in Florida. Offering a variety of language and cultural courses, the school offers classes to all age levels in a fun and friendly environment. The school is currently serving grade-school kids, high-school and college students, and many adults too on every Saturday. The school would not sustain without the teachers' tireless hours, seventeen principals' dedications together with the parents' supports.
