

## Message from the desk of Conchita Hsu, Principal of Chinese School of CAACF

April 27, 2007

Dear students, parents, teachers, friends and supporters:

The 2006 school year is about to end. As evidenced throughout the year and as seen in the following pages of this newsletter and on the school website, it has been a very fruitful and fulfilling one!

All these years, we have been blessed by the outstanding participation of so many good students, young and old. We have been impressed by the incredible dedication of innumerable faculty and staff, parents and friends. We have always had a strong spirit of community and the sense of unified purpose among the faculty, staff, parents and students. This year was no exception!

Our commitment to promote diversity in the community as always has never wavered, and we thank each and every one of you for pitching in to help us. Without your involvement, there would be no way the school could succeed in promoting Chinese language and culture. Thanks to you, we are continuing our mission of spreading the Chinese culture and language, and I sincerely urge every one to keep this flame of knowledge on. Try to practice as much as possible your acquired Chinese skill, even in the summer. Should you have any questions, our teachers are more than willing to enhance your Chinese. Teachers' contact numbers are at finger tips at our school website:

[www.orlandochineseschool.org](http://www.orlandochineseschool.org) The summer homework packet assigned to each student must not be neglected. It has to be submitted no later than August 18<sup>th</sup>, when we all return to school!

Next year, Chinese School will open about the same time with the Orange and Seminole County public school opening day. Our first day of school will be Saturday, August 18<sup>th</sup>, 2 days ahead of public school at 2pm in the same site, Winter Park High School Nine Grade Center at 528 Huntington Avenue. We have many exciting plans for the 2007 school year. To name just a few, a second Pre-K class for matured three and half years old per demand will be added. In this retrospect, a third period such as eurhythmics and music for the very young will be complemented for the preschoolers and lower grade school kids. For college bound students and/or for upper grade students, an advanced placement of Chinese study will be offered. In the third period, it will be complemented by the popular class SAT I – VERBAL, MATH and WRITING taught by Seminole County 2007 Teacher of the year, the one and only, our original SAT instructor, Mr. Daniel Robie, who is more eager than ever to return after hibernation of a year.

Our school believes in high expectation for what a student can accomplish. We will continue to grow and expand per necessities. We want to see more remarkable progress each year as we move on. With this in mind, at our last day of school on May 12, 2007, an informal survey form will be available in the cafeteria or at the classroom. Although it is optional and anonymous, we encourage you to give us a thoughtful response; we will use these replies to continually improve our school. Our school depends upon your feedback to set goals for the many years to come, as it is important that we know what our strengths are as well as the areas in which we can improve.

Thank you in advance for your continued support for Chinese School of CAACF. We value your opinion and pledge to use the information that you provide to us to keep up for the best what a premiere language school can offer to community!

Have a nice summer!

Sincerely yours,  
Conchita
